PRIVATE DINING

OUR MISSION IS SIMPLE

We gather people together around the table to share food and friendship. We combine the comfort and privacy of in-home entertaining with the ease of dining out.

The best dining experience in town is in Culinary Architecture's dining room. Whether you're looking to host a simple, intimate gathering or a more formal business dinner, we will craft a personalized party that suits your occasion.

We use fresh quality ingredients, exacting and demanding preparation, consistent service at the table, comfortable and informal surroundings.

NEIGHBORHOOD GEM

Culinary Architecture is woven into the daily rhythms of the neighborhood. We love to prepare not only meals that help to nourish our community, but provide a special place for celebrations and entertaining. Our market & kitchen is that hidden little gem, where we know who you are, greet you warmly, and serve you satisfying foods that change with the seasons and add to the flavor of Baltimore cuisine.

You don't
need a silver fork
to eat good food.
